

Maastricht University

Feb 28th - March 2nd

2nd European Fatty Liver Conference 2018

Scientific mission: From *bed* to *bench* and back!

- Foster knowledge exchange between junior & senior scientists and clinicians working on NASH: plenary sessions, interactive workshops and posters
- Create awareness of the opportunities and challenges in translational NASH research: from clinic to bench & back

Plenary Sessions & Interactive Workshops

- From NAFLD to NASH: clinical and fundamental insights in disease progression and mechanisms, diagnosis & treatment
- Systemic complications of NASH
- Perspectives for novel non-invasive biomarkers in the field of NASH
- Recent insights into emerging treatment options for NASH
- From a NASH patient's point of view
